## COMMUNITY

What is it?

Community is about being with-unity. A community is a group of people who are all uniquely different but come together because of something that they all share in common. The thing they have in common might be their beliefs, values, interests, family, location, work, goals or a mixture of lots of these.

Families are little communities. Our school is a community. Our town is a community. Churches are communities. God has organised for people to share life in communities so that they can love and support one another and discover Him together. God loves it when people come together in communities to worship and serve Him.

*Psalm 133:1 How good and pleasant it is when Gods people live together in unity.*

In our Friday devotions we are looking at 'The Armour of God'.

I don't know how much you think about it, but Christians believe in the spiritual world, that it is very much alive. And in this spiritual world there is a battle that effects everyone.

The battle involves the world and its pull of materialism, fleshly desires - where humans hunger for and take what they should not take, and the struggle between the Devil (not the false red one with horns).

In the battle, Paul the Apostle says to the Ephesians 'put on the whole Armour of God. We start with "The Belt of Truth". To tell the truth always, Truth will help hold everything else together. Jesus says "I am the way, *the truth* and the life".

Please consider Jesus Christ.  
What he says is true.

Have a read of the Book of Mark in your Bibles:  
It's a short book with only 16 small chapters. Look for Jesus the 'truth teller'.
